# About Tanuki Raw

---

Tanuki Raw is a casual and fun restaurant bar that combines American-Japanese cuisine with Japanese culinary techniques.

The restaurant takes inspiration from the mischievous shape-shifting Tanuki (Raccoon Dog) and creates a unique dining experience that blends cultures confidently.

Our Jewel outlet at Changi Airport is situated on the top floor, next to Cloud9 Piazza overlooking the magnificent rain vortex. With a combination of dining, bar and standing spaces, it provides an ideal setting for event guests to socialise in one of the most unique spots in Singapore.
